

## 2. Complication **A-**

(The Teenagers, 1967)

Intro. **A-**

And after a bit,  
I went alone  
And founded myself  
On the side of the street.

How can I go  
On the other side  
How can I reach  
What is in front of me

I make two steps  
A siffle stops me  
I look and see  
What is closed around me.

How can I do  
Who can help me now

What a complication...
